

# PACES COURSE

**25<sup>th</sup> & 26<sup>th</sup> May 2018**

SKMCH & RC has been instrumental in organizing MRCP preparatory courses for last 10 years.

We are pleased to announce a preparatory course for the MRCP (UK) PACES exam at SKM-Peshawar. The course is aimed at candidates preparing for the PACES component of the MRCP (UK) exam.

**A full PACES exam covering all the stations 1 to 5 will be held on the final day.** The registration will be provided to a limited number of candidates to maintain tutor to candidate ratio of 1:5.

In line with feedback received from previous candidates we will be conducting a session on clinical stations with candidates divided into subgroups to go through and refresh their clinical examination skills on patients.

**SALIENT FEATURES:** History taking and communication skills will be taught and demonstrated by expert group of facilitators and surrogates using clinical and ethical scenarios from previous MRCP (UK) PACES examinations.

Important ethical issues will be discussed in accordance with current UK laws.  
It also involves practice of scenarios with the tutors.

A session to improve clinical examination skills and ability to promptly identify salient findings on real patients will be done.

The course will also include tutors who are examiners of Royal College of Physicians(U.K).

In the end a Mock exam will be held using actual marking sheets designed by the Royal Colleges for MRCP (UK) PACES Examination, to provide the candidates a feel for the exam and the marking process.

There will be no course fee for first 5 selected candidates, contingent on providing evidence of being successful in MRCP part 1 and part 2 written exam. The registration is on first-come first-serve basis.

Last date for registration: 18<sup>th</sup> May 2018
